Re: Decision of the Director to Deny Jerry Nakasawa, Application for a Notice of Intent to Drill a Well, Registration Number 55-223987

To whom it may concern:

Please be advised that the Director of the Arizona Department of Water Resources ("Department") has decided to deny the *"Notice of Intent to Drill a Well"* application No. 55-223987 filed by you on October 2, 2014.

By letter dated October 7, 2014, the Department notified you that it had determined the application to be incomplete and incorrect. The letter identified items to address before the Department could continue its review of the application and informed you that failure to submit the requested information within 60 days (by December 6, 2014) may result in denial of the application.

You may re-apply to drill well registration number 55-223987, once you have all the necessary requirements. You are entitled to appeal this decision. If you wish to appeal this action, you must file a written appeal within **thirty (30) days** from the date of this letter. I am providing you with a summary of the appeal process and an appeal form, should you elect to pursue this option.

If you have any questions, please contact Stella Murillo, the manager of the Groundwater Permitting and Wells Unit at (602) 771-8594.

Sincerely,

Thomas Buschatzke
Director

Re: Notice of Intent to Drill a Exempt Well number 55-223987

Dear Applicant:

On October 2nd, 2014, the Department of Water Resources (Department) received the above-referenced, Notice of Intent to Drill application. The application was suspended due to the need for additional information. Enclosed is a copy of the letter sent October 7th, 2014 outlining the outstanding issues related to the application. To date, our office has not received the additional information requested in the letter.

Please withdraw the application or advise the Department within 30 days what action you intend to take on this well application. It is the Department's intent to deny this application unless the requested information is received within 30 days.

Please contact Jacob Nelson at 602-771-8427 or by email at jnelson@azwater.gov, if you have any questions.

Sincerely,

Re: Notice of Intent (NOI) to Drill Well Registration Number 55-223987

Dear Applicant:

The Arizona Department of Water Resources (Department) has reviewed the above referenced application to determine if the application meets the substantive requirements of A.R.S. § 45-596. Pursuant to A.R.S. § 41-1074 the Department has determined that additional information is required. The following information must be submitted before the Department can complete the application review:

- **Section 3, Owner Information:** Section 3 asks for the well owner's name, mailing address and telephone and fax numbers. The address listed appears to be incomplete. Please clarify the correct address.
- **Section 9, Well Owner and Property Owner Signature:** The landowner must sign the signature block of the NOI form or attach a permission letter indicating their approval of the proposed action. It appears the landowner may not have signed the application. Please contact me at 602-771-8427 to discuss this information.

The Department's administrative review time frame is suspended until all of the requested information is provided. Failure to submit the information requested within 60 days may result in the denial of the application.

I am enclosing a copy of the application for your reference. Please submit the information to my attention and let me know if you have any questions or need further assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Jacob Nelson".

* ADWR well construction standards require a surface seal consisting of a minimum of 20 feet of steel casing. Cement grout must be used to fill the annular space between the surface casing and the borehole. (A.A.C. R12-15-811(B))

The Department's issuance of an authorization to drill a well is not a determination of whether water withdrawn from the well is legally surface water or groundwater. The legal nature of the water withdrawn from the well may be the subject of court action in the future as part of a determination of surface water rights in your area. If there are court proceedings that could affect your well, you will be notified and be given the opportunity to participate. If you have questions regarding the legal nature of the water to be withdrawn from your proposed well, please consult with an experienced civil engineer, hydrologist or water rights attorney.

For the purposes of determining appropriate fees outside AMAs or INAs, "domestic purposes" is defined as "uses related to the supply, service and activities of households and private residences and includes the application of water to less than 2 acres of land to produce plants or parts of plants for sale or human consumption, or for use as feed for livestock, range livestock or poultry, as such terms are defined in A.R.S. § 3-1201."
